CENS Buyer's Digest Lighting Guide

The CENS Buyer's Digest is a brand-new e-book series launched by the China Economic News Service (CENS) to give buyers quick access to concise and key information on select suppliers of a wide range of quality industrial products including auto electronics, builders' hardware, bicycles, electronic products, machinery, furniture, lighting, and medical supplies, among others, available for export from the Greater China area. This issue focuses on the lighting sector, aiming to help buyers and suppliers strike profitable deals effortlessly with the digital platform.

About us

The Taiwan-based China Economic News Service (CENS), founded on June 1, 1974, dedicates itself to the promotion of international trade with Taiwan.

We have

Various CENS publications

Our trade magazines, such as CENS Lighting, Taiwan Machinery, CENS Hardware, CENS Furniture, and Taiwan Transportation Equipment Guide (TTG), are popular among buyers from around the world. Besides the print editions, we have tactical CD-ROMs (www.cens-ebook.com), and provide easy access to our on-line database.

Trade-related services-Currently, CENS acts as a sales agent in Taiwan for many noted international trade fairs and trade magazines. In addition, we organize domestic manufacturer groups to attend foreign exhibitions.

Cooperative marketing-CENS partners with Taiwan External Trade Development Council (TAITRA) to publish the "Official Directory" used in all TAITRA-organized international trade fairs in Taiwan.

Water Show Goods Display Cabinet

Acrylic Aquarium

Water Show Goods Cabinet

Founded in 1987, Shang Yen Aqua Taiji International Co., Ltd. initially designed specialty aquariums and FRP landscaping. In 1995, we began making extra-large aquariums for ocean worlds, and in 1999, combining expertise to miniaturize building marine world aquariums with interior décor, created aqua-bubble walls for interiors, as well as integrating such walls into department store displays.

All our products are multi-

patented or patent-pending in more than 40 countries, including Taiwan, China, the USA, EU, Australia, etc. We've also turned aqua-bubble walls into advertising media to develop aqua-wall signboard lighting. Custom orders for aqua-associated products of various shapes, sizes, and thickness of acrylic are welcome.

Our Optical Fibers

1. Advantage of WINLITES aluminum profile

- 1) Designed for flexible led strips
- 2) Aluminum profile can dissipate heat much better
- 3) High quality aluminum profile makes flex strips more elegant
- 4) Provide two types of PC cover : transparent cover & diffused cover
- 5) Can be recessed mounted

2. Application

- 1) Recessed under kitchen cabinet lighting
- 2) Recessed storage shelves lighting
- 3) Furniture lighting
- 4) Exhibition bott lighting
- 5) Interior accent lighting
- 6) Recessed floor line lighting
